

Corporate Profile

For more than 90 years Sintokogio our parent company in Japan has been a world's leader and innovator in manufacturing industrial machinery, especially those related to the foundry business.

As a group company, Thai Sintokogio has worked very closely together with Sinto as well as other subsidiaries worldwide in order to provide superior quality products and services to our customers. After 28 years of dedicated hard work, the company has turned in a string of successful results over the past few years.

However, we will not rest on our laurels, and we remain strongly focused on improving our performance in order to maximize customer satisfaction. On behalf of Thai Sintokogio, I would like to extend my sincere thanks to our customers for their business, to our suppliers for their continuous support, and to our dedicated management and staff for their daily commitment to the company. My best wishes to all for good health and a prosperous future.
